

- The Navien Pipe cover conceals any water and gas piping underneath the water heater for more aesthetically pleasing installation setup.
- Compatible with Non-Condensing NPN Series only:
NPN-160/180/199U
NPN-120/160/180/199E
- Functional for both residential and commercial applications with some lightweight assembly required.
- Available in glossy white as an ideal accessory to compliment the Navien NPN Series water heater installation.
- Lightweight construction, made of durable steel.
